NO NEED TO HURRY.

Action Will Not Be Taken Till All the Powers Respond.

NEGOTIATIONS AT A STANDSTILL.

Russia's Declaration to Withdraw Troops as Soon as Order Is Received Received With Grati-fication at Washington.

Washington, Aug. 31.—Chinese negotiations remain at the same point they occupied Thursday. No conclusion has been reached as to the last phase, namely, the Russian proposition of withdrawal. As to the proposition to recognize Li Hung Chang as an envoy, the negotiations remain at a standstill, no conclusion having been reached. There is, however, reason to believe that the way has been opened for the settlement of this latter question at the proper time on the basis of the Japanese proposition which is that Li Hung Chang be reinforced by Prince Ching and the viceroys of the two great southern provinces, Nanking and Hankow. As it is pretty well understood that these three officials are proforeign in their sentiments and strongly inclined to make peace on any terms the influence of Li Hung Chang, even if sinister, would be counteracted.

Mr. Conger's report that Prince Ching is coming to Peking may be regarded as an indication that the Japanese proposal stands a good chance of meeting with the approval of all the powers. As to Li Hung Chang's whereabouts, the state department knows nothing, but it is assumed he is still in Shanghai. A man of his rank could scarcely conceal his movements.

It is pointed out that the foreign admirals would find it an impossible task to restrain Li Hung Chang from communicating with the imperial court. He could easily make his way overland from Shanghai through a country entirely outside foreign occupation to Tay-Yungfu, the capital of the province of Shan-Si, where the court is reported to have taken up its abode. The same route also is open to messengers between Li Hung Chang and the empress dowager, so that it would not be easy to restrain his freedom of communication.

No additional dispatches have been received from China, except a short message relative to the wounding of Lieutenant Waldron. The department made public the proposal of Russia to withdraw troops from Peking and the answer of this government thereto, commanding Russia's purpose. The administration is much gratified over the assurance given by Russia that the occupation of Nien-chwang is for military purposes incidental to military steps for the security of the Russian border provinces menaced by the Chinese, and that as soon as order shall be re-established, Russia will retire her troops from those places if the action of the other powers be not an obstacle thereto. It is authoritatively stated that no obstacle in this regard can arise through any action of the United States, whose policy is fixed and has been repeatedly proclaimed.

No orders have been issued to General Chaffee to carry out the suggestion made in the Russian note to the powers for the withdrawal of troops from Peking. Several days ago in anticipation of anything like this occurring, orders were sent to General Chaffee under which he could act in case there should be a withdrawal of the troops of any power or the commanders representing the various powers could no longer act in concert. It is further stated that no action will be taken until all of the powers to whom the note was sent have responded, and even then there is no disposition for a precipitate or hurried withdrawal. There is no official information here to the effect that the Russians already have begun to withdraw and it is not believed Russia will leave Peking until there has been some further definite understanding.

Guarding the Gates.

Yokohama, Aug. 31.—General Yamaguchi, commanding the Japanese troops in China reports that a meeting of foreign ministers and commanders has decided to maintain guards at the gates of the imperial city, entrusting the south gate to the Americans, while the Japanese hold three others. It was decided to commemorate the occupation of Peking by a march of the allied troops through the imperial city Aug. 28. Many of the native guards have left the palace and surrendered themselves. The inmates of the palace have been assured that they will be treated with every consideration. Five companies of troops from

the Japanese garrison at Taipah, Island of Formosa, started Tuesday for Amoy.

Waldron Was Sniped.

Washington, Aug. 31.—A dispatch from General Chaffee at Taku gives further particulars regarding the wounding of Lieutenant H. Waldron, Ninth infantry at Hoshiwu Aug. 24. It stated that he was wounded by a sniping shot while on patrol and sent to the general hospital at Tien Tsin.

HUNTINGTON'S SUCCESSOR.

Eastern Magnate Will Be President Of Southern Pacific.

New York, Aug. 31.—A dispatch from London says Collis P. Huntington's successor as president of the Southern Pacific railroad will not be any man now identified with the management of the Southern Pacific. The interests which for several years controlled the majority of the stock of the Southern Pacific propose to take a more active part in the operation of the system. The first step will be the injection of new blood into the management.

Charles E. Tweed, who was the confidential adviser of Mr. Huntington and is the second vice president, has been mentioned as the probable successor of Mr. Huntington. Mr. Tweed, it can be stated, will not be made president of the Southern Pacific. He will, however, have a prominent place in the management.

The presidency of the Southern Pacific will be offered within a day or two to one of the ablest railroad men in America, a man who is now president of one of the greatest roads in the east. Although he has a very comfortable berth where he is, it is believed he will be glad to round off his railroad career by taking the more important post left vacant by the death of Mr. Huntington.

When Mr. Huntington was pinched in the panic of 1893, he was forced to let go a large part of his securities to raise ready money. Messrs. Speyers advanced him large sums. The Southern Pacific stock which they then obtained, together with their recent purchases, gave these bankers controlling interest in the road. While Mr. Huntington was alive, Messrs. Speyers were content to have him keep the presidency, though they believed a change in the management of the Southern Pacific was advisable.

May Be Ingalls.

New York, Aug. 31.—It was said in Wall street that the president of the Southern Pacific railroad would be offered to President M. E. Ingalls of the Big Four road, who is a Vanderbilt ally. No one could be found who would positively confirm or deny the Ingalls rumor. The selection of Mr. Ingalls would be another move in the line with the alleged Vanderbilt plan to weave all the railroads of America into a vast system under one head.

Tweed Not Talkative.

New York, Aug. 31.—C. H. Tweed, who was Mr. Huntington's confidential adviser, when questioned as to the various stories concerning the Southern Pacific presidency, said: "The directors will not meet until next week, and while several names have been informally mentioned, I think I am safe in saying no one has been decided upon definitely."

Kentucky Legislature.

Frankfort, Ky., Aug. 31.—The senate met with a bare quorum and immediately adjourned until Tuesday morning. The house will meet Saturday, but it is understood the speaker will not appoint the special committee created to consider all election bills until the senate passes a similar resolution.

Elliott's New Place.

Washington, Aug. 31.—W. J. Elliott, who was pardoned by Governor Bushnell from the Ohio penitentiary, where he was serving a life sentence for killing Al Osborne and old man Hughes at Columbus, O., has been appointed to a good position in the census office. He is assistant chief of the tabulation division.

Woman's Horrible Suicide.

Urbandale, O., Aug. 31.—Mrs. Will Place, who resided four miles west of town, went to the barn where her husband was feeding stock and called to him, "Here it goes," swallowing nearly two ounces of carbolic acid. Place immediately lifted her into a buggy and drove her at breakneck speed. He arrived too late, as she died a few moments after reaching a drug store. Family trouble the cause.

Robbers Got Gold.

Cheyenne, Wyo., Aug. 31.—An unconfirmed report is in circulation here that the Union Pacific express car robbed by five men at Tipton Wednesday night contained \$100,000 in gold destined to pay off the soldiers in the Philippines and that the robbers secured the whole shipment.

BLACK LEGALLY HUNG

Sheriff Adopted a Ruse to Save Him From Being Lynched.

EXECUTED FOR A DASTARD CRIME.

Last Days of the Brute Fraught With Agony That Goaded Him to the Verge of Complete Collapse. Guarded by Troops.

Belair, Md., Aug. 31.—William Black, colored, was hanged at 7:41 a.m. He met death with considerable calmness, although he was very nervous on his way to the scaffold and for several days was in a state bordering on complete collapse.

Black died for a criminal assault committed on Miss Jessie Bradford, a 15-year-old girl, who lived near Aberdeen, this county. The negro overpowered her in a patch of woods February 21. A searching party was organized and there is no doubt the negro would have been lynched if caught then, but he made his way to Baltimore, shipped on an oyster boat and was caught down the bay a few days later. His arrest and conviction followed and he was kept at the Baltimore city jail.

Meanwhile another negro, Louis Miller was lynched in Belair for a similar crime and threats were made that Black should never die a legal death. For this reason the sheriff of Harford county took unusual precautions and a company of militia was detailed to attend the execution and preserve order. As a further precaution, the announcement was made in the newspapers that the condemned man would be taken to Belair on a morning train and hanged soon after 10 a.m. Instead of carrying out this program, the sheriff put him on a train which reached here from Baltimore shortly after midnight and hanged him at the hour stated.

Another Execution.

Raleigh, Aug. 31.—Thomas Jones a negro preacher, the murderer of a family of six persons, was hanged here in the county jail. The execution was private. A great many negroes were in the vicinity of the jail—the same negroes who last March attempted to lynch Jones but no demonstration was made. Although a preacher at the time of the crime, Jones dates his actual conversion only as far back as this week, three days before he felt the noose about his neck. With the object of exterminating a family of eight, Jones, in order to conceal his crime, murdered Ella Jones, colored, and her 14-year-old daughter and then set fire to the building in which they resided, burning alive four small children. Laura Jones, an 18-year-old girl, escaped carrying with her Sid Jones, her 3-year-old brother, reducing the number of his victims to six.

CENSUS FIGURES.

Population of Cities According to The Census of 1900.

Washington, Aug. 31.—The population of Quincy, Ills., is 36,252, an increase of 4,758.

The population of Pawtucket, R. I., is 39,231, an increase of 11,598.

The population of Covington, Ky., is 2,938, an increase of 5,567.

British Prisoners.

London, Aug. 31.—The following dispatch has been received from Lord Roberts: Belfast, Aug. 31, about 1,800 British prisoners released at Nootgedacht have reached French and Pole-Carew. They are badly clothed and some are said to be half starved. Ambulances are out picking up many of the sick and weakly ones. The captured officers are reported to have been taken to Barberville. Some of them escaped, including the Earl of Leitrim and Viscount Ennismore. The prisoners report that Kruger, Steyn, Botha, Lucas, Meyer and Schalkburg left Nootgedacht Aug. 29 for Nelspruit. Boers seem to be scattering.

Pythian Affairs.

Detroit, Aug. 31.—The supreme lodge, Knights of Pythias, confirmed the re-appointment of General James R. Carnahan of Indianapolis as major general commanding the Uniform Rank. The following members of the board of control were elected: L. G. Aldrich of Mississippi, C. F. Smeal of Indiana, and John A. Harvey of Illinois. The Rathbone Sisters elected Mrs. Del Glaser of Iowa, supreme chief; Bell Quinlan of Illinois, supreme vice chief and Mrs. Lida A. Monroe, of California, supreme junior chief.

Hongkong, Aug. 31.—The acting viceroy of Canton has suppressed all the native newspapers on the ground that they have been publishing false news, detrimental to the maintenance of peace.

Robbers Got Gold.

Cheyenne, Wyo., Aug. 31.—An unconfirmed report is in circulation here that the Union Pacific express car

the Japanese garrison at Taipah, Island of Formosa, started Tuesday for Amoy.

BRITISH PAPERS PIQUED.

Don't Like Americo-Russia Compact To Evacuate Peking.

London, Aug. 31.—Afternoon papers appear to be perplexed at the Americo-Russia accord to secure the prompt evacuation of Peking. They point out how completely this upsets preconceived notions of the grouping of the powers on the Chinese question and the consensus of London's editorial opinion is that the proposals are antagonistic to British interests and that the allies should remain in Peking until the Chinese government is re-established and the ringleaders of the present uprising punished.

The Globe seizes the opportunity to indulge in unfriendly criticism, accusing the United States of breaking the concord of the powers and playing into the hands of Russia against Great Britain by supporting the suggestion of the employment of Li Hung Chang who, the paper declares, is notoriously hostile to Great Britain and friendly to Russia.

The Globe says the British government will oppose to the uttermost the idea of evacuating Peking in which course, the paper adds, it will be supported by Emperor William of Germany.

Russians Seize a Palace.

St. Petersburg, Aug. 31.—General Linevitch, commanding the Russian troops at the Chinese capital reports from Peking, under date of Aug. 29, that the Russian detachment Aug. 19 captured, without loss, the imperial summer palace. The Russian artillerymen have also unearthed at Peking 30 canon and many rifles. A large quantity of silver was found at the Tsung Li Yamen.

Oregon at Nagasaki.

Washington, Aug. 31.—The battleship Oregon has arrived at Nagasaki, Japan. She eventually will return to the United States for the complete repair of injuries sustained in her grounding, but will first go to China.

FRIGHTENED BY FLAMES.

One Killed and Three Injured in a Panic in an Electric Car.

Akron, O., Aug. 31.—As the result of a panic on an electric car at Silver Lake, a suburban resort, one person was killed and three others injured. The panic was caused by a fuse burning out and flames bursting up through the car floor. The passengers became terrified and made a frantic rush to get out.

Ferdinand Bargetz, Jr., was killed in jumping. He struck against a trolley pole.

The injured are Miss Ada Hublinger of Barberville, Miss Sadie Metcalf and Mrs. William Metcalf of Cuyahoga Falls, O.

Cuban Came With Fever.

New York, Aug. 31.—Ignacio Garcia, 23, a steerage passenger on the Leon XIII from Havana, was removed to Swineburn Island for treatment and observation. Dr. Doty, health officer of the port says Garcia shows symptoms indicating yellow fever. The steamer and 124 passengers are held at quarantine for disinfection and to serve out the balance of the quarantine period of five days. Nine immune passengers were permitted to land.

Trying to Get Together.

Pittsburg, Aug. 31.—A conference of vital importance to the iron and steel interests of the country is on. The purpose is to reach an agreement on the tin plate scale for the ensuing year. Up until now the conferences between committees of the Amalgamated Association of Iron and Tin workers and the Tin Plate company have been without result, but the impression prevails that a satisfactory scale will be agreed upon this time.

Escaped Convict's Killed.

Chattanooga, Tenn., Aug. 31.—Wes Austin and Bob Armstrong, two escaped convicts, were killed and a third wounded by pursuers near Whiteside, 15 miles from here. Austin, Armstrong and Jim Westbrook escaped from the convict stockade at Coal City, Ga., Monday. Warden Brock came upon the men cooking at a camp near Whiteside and demanded surrender. The convicts fled and the posse opened fire. Westbrook escaped.

Killed in Luzon.

Washington, Aug. 31.—A dispatch from General MacArthur announces that Second Lieutenant Henry Way of the Fourth infantry was killed near Villavieja, Aug. 20. Lieutenant Way was born near Rutland, Ills., in 1874. He was graduated from the military academy in 1899. He went to Manilla April 7, 1899, and served with his regiment until March 23, since which time he had been on duty with Castner's scouts.

Scientific Farmer Dead.

London, Aug. 31.—Sir John Bennett Lawes, noted for his work in regard to the practical and scientific farming, is dead. He was born Dec. 28, 1814.

CONCERNING POLITICS.

Bryan Starts on Another Big Swing Around the Circle.

LABOR DAY SPEECH AT CHICAGO.

Chairman Hanna Will Help to Open Ohio Republican Campaign at Youngstown—Free Speech Goes In Campaigns.

Chicago, Aug. 31.—The announcement is made by the Democratic national committee that W. J. Bryan will arrive here at 8:30 a.m. and at noon he will leave for South Bend, Ind., to speak there Saturday night. Between Chicago and South Bend several five-minute speeches will be made. After the South Bend engagement Mr. Bryan will return to Chicago returning here Sunday morning and Monday afternoon at 3 o'clock he will speak at the Labor Day demonstration here. Monday night Mr. Bryan will leave for Cumberland, Md., to fill an engagement Tuesday night, speaking in conjunction with Senator Wellington. Mr. Bryan will make a few speeches in West Virginia and return west to speak in Milwaukee Sept. 10 or 11, returning to Ft. Wayne, Ind., to speak Sept. 13. Sept. 14 he will speak at Columbus, O., and go from there to St. Louis for an address the evening of Sept. 15.

Bryan In West Virginia.

Deer Park, Md., Aug. 31.—Hon. John McGraw has received a telegram from Mr. Bryan saying he would come to West Virginia next Tuesday and spend a few days at Mr. McGraw's place at Deer Park. He will proceed direct from Chicago to Deer Park. The itinerary contemplated by Mr. McGraw is to have Mr. Bryan make a speech at Cumberland, Md., Tuesday night; at the fair at Morgan's Grove, W. Va., Wednesday morning; at Keyser, W. Va., Wednesday afternoon, and spend the night at Deer Park; then go to Clarksburg, W. Va., to the state fair Thursday morning, and then to Fairmont and Wheeling, arriving at the latter place Thursday evening for a monster night meeting.

Want Prize Fights.

Virginia, Nev., Aug. 31.—The Republican state convention closed its session after nominating E. S. Farrington of Elko for congressman and Tremore Coffin for supreme judge. The platform endorses the administration of President McKinley, protests against surrender of the Philippines; favors a protective tariff; storage reservoirs, the largest use of silver as a money metal compatible with the best interests of our government, condemns trusts, denounces disfranchisement of negroes and demands the repeal of the prize fight law.

Free Speech Sustained.

Cleveland, Aug. 31.—Max Hayes, the well known labor leader, who was nominated for vice president on the Socialist Labor ticket some time since, was discharged at the Central police court at the conclusion of his trial on the charge of disorderly conduct. Hayes was arrested Aug. 11 while addressing an open-air meeting. Judge Kennedy declared the questions involved concerned the liberties of men and the right of free speech, and the police had infringed upon these rights and overstepped their authority.

Postmaster Smith's Trip.

Washington, Aug. 31.—Postmaster General Smith will leave here next week for Maine to make political speeches at several points in that state. He expects to leave here about Sept. 15 for the west. His itinerary is not settled, but he is expected to make speeches in Ohio, Indiana, Illinois and Kansas and possibly Kentucky. THE Democratic campaign in Maryland will be opened at Cumberland next Tuesday by Bryan and Wellington. The latter is the present Republican Senator from that State, but he is for Bryan and Stevenson this time.

LEW WALLACE, JR., of Indianapolis, announces that he will support Bryan. He says in explanation:

I will support and vote for Bryan because I believe in man-made law as the sufficient and only means of temporal government in any country or among the nations, and McKinley sets the law aside in the Union and undertakes to rule elsewhere by martial might. In notable instances he has flagrantly violated his oath of office, as in annulling the anti-slavery and anti-trust laws, and in giving slavery the protection of our flag, and no trust can be placed in him. On the contrary, Bryan is a man true to his faith and steadfast.

THE editor of the BULLETIN was not present at any session of the Mason County Institute this week, and, personally, is not in a position to express an opinion as to the ability of the instructor, Professor Rhoton. He does have an opinion, however, as to the Ledger's attack on the instructor. What the Ledger said Friday about Professor Rhoton ought to have been said while the latter was here, and not after he had taken his departure. That would have been the manly thing. The institute was in session four days, but not a word from the Ledger in criticism of Professor Rhoton until after he left the city.

The course the editor of the Ledger has pursued in this case, however, is characteristic of a certain class of Kentucky Republicans of late years who assassinate their victims from ambush. They don't believe in courageously facing their man when they attack any one, thus giving him a chance to defend himself, but from concealment shoot him down as he goes his way.

One of the most successful teachers of the county expressed the opinion Thursday that the institute this week, instead of being a "roaring farce," was a better one than the institute conducted a year by Professor Willis.

OLD TIMES IN MASON.

We have recently had the pleasure of examining some old newspapers, which have floated down to us, yellow and faded, from early times and still presenting an interesting picture of those pioneer days. One of them, "The Union," dated Sept. 16th, 1819, was printed at Washington, Ky., by Raunells & Collins, No 298 of volume 6, and flourishing a Latin motto which the average reader of this day would find it somewhat difficult to translate. We note on the same page an announcement of a distribution of Bibles by the "Maysville Bible Association;" a call by the Secretary, A. Corwine, for a meeting of the "Maysville Abolition Society" at the house of L. Cahill; an advertisement of a sale, to satisfy the holders of a deed of trust, of a NEGRO WOMAN named Lucy and a NEGRO GIRL named Fanny; the publication of a "scheme of the first class" of the Jeffersonville Ohio Canal Lottery, at the Falls of Ohio; and, finally an impressive lesson upon the pernicious and ungodly practice of dueling—then in high esteem. A communication from Cincinnati announces the formation of an "Agricultural and Economic Society," of which Wm. Henry Harrison is President, and Joseph Eubree, Clerk. In the list of members we find the names of James Taylor, Jacob Burnett, Wm. Corry and Daniel Drake. Jacob Burnett submitted a "Declaration," which was adopted by the society, taking ground against "imported liquors," etc. (except in sickness); "the wearing of suits of black" as testimonials of respect to the memory of the dead; and against extravagance in dress, and the use of imported goods of every description. This declaration in favor of home products was doubtless well received across the river. David and George Richy advertise the Maysville Wool Factor; George Purcell, cotton spinning and an assortment of yarns; James

Baldwin, a wool carding establishment (at Washington); Joseph Perrine, the sale of a potter's manufactory—"the only one in the county;" Lucius Chapin, the purchase of the "Saw and Fulling Mills" at Johnson's Fork; and William Rickey, a large assortment of "Satinets, Casinetts and Kerseys." In the teeth of all these temptations one sagacious gentleman, publicly "forewarns all persons" against trusting his wife. He will pay no more debts than she contracts. There were many distilleries in Mason County at this period, but we find no reference whatever to the famous native distillate. There is nearly a page of foreign intelligence, but, outside of the advertisements, scarcely a line of local news. Henry Clay writes a felicitous letter of acknowledgement to Senator Pezios, who had recently sent him a book. "The present," he says, "is a moment for you of the greatest importance. Spain is making her last effort. If the army which she is now preparing at Cadiz shall be repulsed, South American independence is secure forever." In the obituary column we note the announcement of the death of Samuel Stanhope Smith, D. D., LL. D., late President of the College of New Jersey. He had many distinguished connexions in Kentucky.

The "Eagle," newspaper, February 2, 1825, was printed and published at Maysville, Ky., by Lewis Collins. It bears proudly the significant motto, "The People Virtuous and Free; the Press Unshackled." Many of the advertisements are similar to those in the old "Union;" factories of various kinds, as "The Maysville Cotton Factory," John Shaw; an iron foundry, Swaun & Starr, etc. Lexington advertises a lottery. Fifty dollars is offered by Wm. Vanmeter for the capture of a fugitive slave—twenty-five years old, a blacksmith by trade. Mason Brown (father of the late John Mason Brown) announces that he will hereafter attend the Mason, Lewis and Bracken Circuit Courts. His office is on Front street. Dr. John Shackleford offers his professional services to the citizens of Maysville. Edward Cox, the famous old bookseller, advertises nearly a column of standard works, with a good circulating library of "novels, romances, plays, histories and miscellaneous books." In his published list we find Bibles, hymn books, theological dictionaries, church histories, works on philosophy, (Reid, Stewart, Paley); histories, (Hume, Gibbon, Russell, Gillie); Shakespeare's plays; Infantry Exercises, (Scott); Handbook for Infantry and Riflemen, (Duane); dictionaries, (Walker and Johnson); Latin and Greek school-books; "London-made" globes; Euclid's elements; arithmetics; geographies; Webster's spelling books—Sandford and Merton; "The American Author," etc., etc.

It is more than "sixty years since"

these old papers first appeared; and, yet, we may very seriously ask ourselves, standing on the threshold of a new century, "Has social life in Kentucky been fundamentally improved by the process of the years? Is it an evolution or a devolution?"

BISHOP TURNER.

Leader of the Colored Race Has Decided To Champion the Cause of the Democrats.

CHICAGO, ILL, Aug. 30.—Bishop Henry M. Turner, of Atlanta, head of the African M. E. Church, and recognized leader of the colored race since the death of Frederick Douglass, has decided to come out for Bryan. Bishop Turner will be attended in his conversion to Democracy, it is further announced, by Bishops Derrick and Grand, of the same church.

This statement was made to-day by Rev. J. A. Whitman, a colored minister of Atlanta, and the personal representative of Bishop Turner. Just before the departure of ex-Governor Stone, of Missouri, to the East, the Bishop sent the Vice Chairman of the Democratic National Committee a telegram saying that the Atlanta minister had full authority to speak for him.

Not content with deciding to vote for Bryan, Bishop Turner has also expressed a desire to take the stump for the Democratic nominee, and he has already made arrangements with the Democratic National Committee.

Anti-imperialism is said to be the main spring that has governed Bishop Turner's action which is significant, in view of the statement of Vice Chairman Henry B. Payne, of the Republican National Committee, that the dividing of the colored vote between the Democrats and Republicans this year will mean the breaking up of the solid South.

KENTUCKY ELOPERS.

A Youthful Couple From Germantown Married at Georgetown, Ohio, Monday, August 6.

[Georgetown News-Democrat]

A trio of Kentuckians made up of "Henie" Gallagher, William J. Case and Bernice Jefferson, the latter being an eloping couple, made their appearance in Georgetown last Sunday night and after driving the streets until 4 o'clock Monday morning were then able to get into the probate office and procure license, after which they were married by Rev. Horn. The groom gave his age as twenty-five and the young lady's as eighteen, though those who saw her said she could not have been over fourteen or fifteen. She was in short skirts, and had every appearance of being a child. They registered as from Germantown, and the groom vouchsafed the information that he would put in the next few weeks "keeping out of the way of the old woman"—the girl's mother. He also stated that he had known the girl but three months. The girl's face was covered with tear stains.

THE WALLACE SHOWS.

They Will Exhibit in Maysville Monday, September 17th—What the Washington Post Says.

The great Wallace Shows which exhibit in Maysville soon recently visited Washington, D. C. The Post of that city said: "If there is any city which is a better show town than the national capital, it is not down on the map. The Wallace Shows pleased two big throngs, many people being turned away. The circus was a success, both for the management and for those who wanted good entertainment. The city was turned over almost entirely to the big attraction. The program commenced promptly and in earnest from the start. No one but the child whose first visit it was to a circus could possibly tell all that was down. Hardly anything could have been more wonderful than the acrobatic feats performed by the justly celebrated Nelson family, and especially of the five-year-old tot."

The Wallace Shows will exhibit in Maysville, Monday, September 17th.

CARD FROM MR. BLATTERMAN.

The County Superintendent of Schools Get Back at the Ledger for its Tirade Against the Institute.

Mr. Davis had not the enterprise to send a competent reporter to report the daily proceedings of the institute, so he sums it up by issuing a tirade of abuse and falsehood and goes out of his way to attack former conductors of the Mason County Institute.

As to Mr. Shipp, he is well known in this community and probably conducts more institutes in this State than any other conductor. Mr. Lumley gave us an excellent institute and was in no respect a book agent.

Mr. Photon who conducted the institute this week lived for many years in Georgetown, Ky., where he was a professor in the Georgetown College, and he is now a professor in the University of Washington City. He is a gentleman of education and gave us a good institute.

Mr. Davis was never present at the institute. When he characterizes it as a "roaring farce," he forgets that his daily Ledger is, as a newspaper, the "roaringest farce" in the State. Mr. Davis would like a "change in administration," no doubt, but his wishes can not be gratified.

The people are satisfied with my work and will continue my administration.

G. W. BLATTERMAN,
Supt. Public Schools for Mason County.

Mr. Fred W. Bauer, job printer, of 4 East Second street, says: "For a year or more I had considerable pain in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced from a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. James Wood & Son's drug store, corner of West Second and Market sts. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use."

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.
